Dear Ms. Fordham,

This letter is to request a visit to our community from the EPA and Dr. Boraas. We would greatly appreciate the opportunity to fully participate in the Traditional Knowledge solicitation.

Although we are a small community, we have full support for this project as a Council Board and community member level. Support and input are guaranteed from this proactive village.

Christina Salmon, Environmental Program Director and Council Member, would be responsible for identifying local elders and culture bearers for Dr. Boraas to engage with.

Please contact myself at the numbers above if you have any questions or concerns.

We appreciate this offer, and thank you for taking us into consideration.

Respectfully,

Christina Salmon  
Igiugig Village Council  
Board Member
